BIERER MAY SUCCEED WEST.

Oklahoma Delegation Expected to Urge Guthrie Man for Solicitor.

Washington, Jan. 5.—The Oklahoma delegation probably will endorse Judge A. G. C. Bierer of Guthrie for appointment as solicitor for the department of interior, succeeding Preston C. West of Muskogee, who has announced his intention to resign Feb. 1.

Mr. West will resume the practice of law in Tulsa. Judge Bierer was strongly urged by some of the delegation for appointment as United States attorney for the western district of Oklahoma, which place finally went to John Fain of Lawton. He was formerly a member of the Oklahoma Territorial supreme court.

The Duchess of Marlborough was the only woman speaker at the mass meeting recently held in London to inaugurate a national campaign to promote the welfare of motherhood and infancy.

THEFT OF \$2,200 IS CHARGED.

Negro Porter Held Following Disappearance of Currency.

Muskogee, Okla., Jan. 4.—Green Bruce, negro porter of the Exchange National bank, is under arrest here, and his brother, Horace Bruce, is held by the police of Kansas City, charged with the theft of \$2,200 from the bank. A month ago Green Bruce, who was sent to the postoffice to get a package of unsigned currency, reported that he had lost the package. Horace Bruce was working for a local cotton company when the money disappeared, and he has since been missing from Muskogee.

Why Tolerate Catarrh?

You have noticed, no doubt, that any cold aggravates nasal catarrh, and the flow of mucous amazes you that such objectionable matter could find lodgment in your head. To ignore this catarrh when the cold subsides is wrong because it continues to slowly injure the delicate linings of the nasal passages and clog them up.

To correct catarrh, cleanse the nostrils frequently with a solution of warm water and salt, insert vasoline on retiring, and take a spoonful of Scott's Emulsion after meals for one month. Scott's acts through the blood to feed the tissues, and contains soothing glycerine to check the inflammation and heal the sensitive membranes.

Scott's is pleasant to take.

'ENGLISH AS SHE IS WRIT' THE SLOGAN

SUPERINTENDENT RICHARDS HAS SERVED NOTICE ON ALL THE TEACHERS TO TAKE PAINS WITH LANGUAGE CLASSES.

To the Teachers:

In order that we may make our teaching of English more effective, and in order that we may overcome some of the provincialisms and incorrect forms of speech which many of our children use in conversation and in class room recitations, I ask that you observe the following directions in all of your class room work and association with the children in our schools.

1. Insist upon the elimination of "and," "and ah," and "why," "why ah," etc., as connectives.
2. Insist upon the concord of the subject and predicate, especially in case of the verbs "be," "do," "go," and "come."
3. Note that "each," "every," "someone," "anyone" and "everyone" agree with singular verbs and pronouns.
4. Do not allow double nominatives; e. g., "The boy, he went home."
5. Guard against "kind of a," "sort of a," when meaning "somewhat."
6. Avoid the use of "those kind," and "these kind."

Insist that the subject of the sentence be expressed, avoiding the incomplete structure.

8. See that pronouns have their antecedents expressed.

9. Do not allow "hadn't ought."

10. Insist upon the proper use of "lawful."

11. Do not allow "not hardly."

12. Insist on the proper use of "are" and "way."

13. Insist on the correct use of "off" and "from." Discourage the use of "off of."

14. Do not allow "the reason is because."

15. Insist on the proper use of the relative "who" and "which" for "and he," "and it."

16. Do not allow "this here."

17. Do not allow "that is when," or "that is where."

Respectfully,
C. W. RICHARDS,
Superintendent.

WILL SUBMIT COTTON PLAN IN CAPITOL

PRESIDENT OF TEXAS UNION WILL CONFER WITH GOVERNMENT OFFICIALS REGARDING PROTECTION.

Washington, Jan. 4.—A delegation of farmers' union representatives from southern states, in which will be H. N. Pope of Fort Worth, president of the Texas union, is expected in Washington this week to confer with government officials about the denial by England of the freedom of the seas to cotton destined to neutral ports. Pope has a special mission in ascertaining what protection members of the Texas union may expect in the proposed shipment of 1,000,000 bales to a neutral port in Europe, said to have been arranged for, and to bring 20c per pound. He will also ask that the shipments be insured through the war risk bureau. Mr. Pope proposes to confer with Secretary of State Lansing and other officials.

It is doubtful if assurances can be given for safety of the proposed 1,000,000-bale shipment, since cotton, which enters into the manufacture of ammunition, has been placed on the list of contraband by England, and thereby made subject to seizure as soon as it reaches the high seas. In view of this the shipments probably would be denied insurance through the war risk bureau. About all the Texas shippers can hope for, unless there is a change in attitude of the government, would be for their cotton to be taken to a British prize court, and there paid for at the market price, as is done with other shipments seized.

The proposed cotton shipment is similar to that in prospect some months ago, when Germany was understood to be an active bidder for 1,000,000 bales laid down on the other side. Arrangements were attempted through the Texas state government, but as it was an international transaction, and one involving a policy of the general government, the Texas authorities wanted to do nothing that would embarrass the administration. Reports reaching Washington from Texas indicate a determination on the part of the union members to force favorable action upon their proposed shipment, at least to the extent of negotiating with England, and to let the 1,000,000 bales pass unmolested. Pope is quoted in the eastern newspapers as saying that Texas farmers would undertake to bring about an embargo on food supplies and munitions to England, if the cargoes were seized.

The committee that is coming from other states will join the Texas delegation in a general protest against cotton being placed on the contraband list, and will cite the action of England in the Russo-Japanese war in insisting that cotton be left free.

SAGE TEA KEEPS YOUR HAIR DARK

When Mixed With Sulphur It Brings Back Its Lustre and Abundance.

Gray hair, however handsome, denotes advancing age. We all know the advantage of youthful appearance. Your hair is your charm. It makes or mars the face. When it fades, turns gray and looks dry, wispy and scraggly, just a few applications of Sage Tea and Sulphur enhances its appearance a hundred-fold.

Don't stay gray! Look young! Either prepare the tonic at home or get from any drug store a 50-cent bottle of "Wyeth's Sage and Sulphur Compound." Thousands of folks recommend this ready-to-use preparation, because it darkens the hair beautifully and removes dandruff, stops scalp itching and falling hair; besides, no one can possibly tell, as it darkens so naturally and evenly. You moisten a sponge or soft brush with it, drawing this through the hair, taking one small strand at a time. By morning the gray hair disappears; after another application or two its natural color is restored and it becomes thick, glossy and lustrous, and you appear years younger.

HUERTA RELEASED ON OWN RECOGNIZANCE

San Antonio, Tex., Jan. 4.—On motion of United States District Attorney J. L. Camp, Judge T. S. Maxey of the federal district court today entered an order releasing Victoriano Huerta from jail in El Paso on his own recognizance. Judge Maxey fixed Huerta's bond at \$500. The effect of the order is to relieve Huerta of the obligation to appear before the federal grand jury, which will investigate charges that the former provisional president of Mexico violated the neutrality laws of the United States. Huerta's imprisonment at El Paso was due to his inability to furnish a \$15,000 appearance bond.

Huerta's advanced age and his illness were assigned by Attorney Camp as reasons for his release. Referring to Huerta's illness, Mr. Camp said: "His physical condition is such that his longer confinement may permanently and seriously injure his health."

Signora Eleanora Duse, the great Italian actress, had, in her young days, a life of struggle and hardship. With her parents she wandered about the country, appearing in humble theaters with a small troupe of performers, who often earned barely enough money to provide themselves with food.

Catarrh Can Never Withstand This Treatment

Through the Blood, Health Is at Once Carried to Diseased Membrane and Discharge Is Speedily Ended.

The prompt and certain action of Dr. Pierce's Golden Medical Discovery is driving all harmful germs and impurities from the blood, sets in motion the repair process which works actively on the diseased membrane where Catarrh flourishes unchecked.

Thus by building up a new and perfect covering and carrying out of the system the Catarrh infested matter by way of the blood, liver and kidneys, Catarrh is overcome and permanently conquered.

Don't be deceived in regard to Catarrh; proper local applications help of course, but no Catarrh sufferer can hope for permanent freedom from this stubborn disease until all impure matter in the blood is carried away.

There is not a drop of alcohol or any narcotic in Dr. Pierce's Golden Medical Discovery, but in this safe vegetable remedy there is a mighty alternative power which by replacing the blood impurities with pure, rich blood, not only ends Catarrh conditions wherever located, but vitalizes the kidneys, stomach, liver, bowels and every organ of the body. People who suffer humiliation and mental misery because of Pimples, Skin rash, Blotches, Eruptions, Boils, Carbuncles are especially benefited by this inexpensive remedy.

All dealers in medicines can supply Dr. Pierce's Golden Medical Discovery, or send 50 cents in one cent stamps to Dr. Pierce, Invalids Hotel, Buffalo, N. Y., for trial box of tablets.

TEUTONS WERE CUSTOMERS OF ROUMANIA

ROUMANIA HAS SOLD CENTRAL POWERS FIFTY THOUSAND CARLOADS OF CEREALS, PRINCIPALLY WHEAT.

Vienna, Jan. 6.—(Correspondence of The Associated Press)—Roumania has sold to the Central Powers 50,000 carloads of cereals, mostly wheat, Indian corn and navy beans. The sale, unlike some others, which preceded it, has been made at a reasonable market price, and no special inducements were offered, nor will it be necessary this time to engage in the wholesale bribing of Roumanian government and railroad officials to get the purchases out of the country.

Roumania was obliged to sell to the Central Powers because she cannot sell to anybody else. The closing of the Dardanelles has locked the gate to other markets, and Russia, the only other entente power with whom Roumania now has physical contact, is not in the market for Roumanian cereals. So long as Serbia was still a factor and a neighbor, Roumania was able to ship some of her foodstuffs to Saloniki, from where they could be reached by entente and neutral consumers. Now this route is closed.

With the conquest of Serbia the Central Powers have gained a great economic advantage. Roumania must sell to them if she does not want to have her crops rot on her hands and what is just as important here, must sell on terms more favorable to Germany and Austria-Hungary than she has in the past.

But in addition to selling to the two

FEEL BILIOUS? CALOMEL SICKENS! CLEAN LIVER AND BOWELS MY WAY

Don't Lose a Day's Work! If Constipated, Sluggish, Headachy, Take a Spoonful of "Dodson's Liver Tone."

Listen to me! Take no more sickening, salivating calomel when bilious or constipated. Don't lose a day's work!

Calomel is mercury or quicksilver which causes necrosis of the bones. Calomel, when it comes into contact with sour bile crashes into it, breaking it up. This is when you feel that awful nausea and cramping. If you are sluggish and "all knocked out," if your liver is torpid and bowels constipated, or you have headache, dizziness, coated tongue, if breath is bad or stomach sour, just take a spoonful of harmless Dodson's Liver Tone.

Go to any drug store and get a 50 cent bottle of Dodson's Liver Tone. Take a spoonful tonight and if I

don't straighten you right up and make you feel fine and vigorous by morning, I want you to go back to the store and get your money. Dodson's Liver Tone is destroying the sale of calomel because it is real liver medicine, entirely vegetable, therefore it can not salivate or make you sick.

I guarantee that one spoonful of Dodson's Liver Tone will put your sluggish liver to work and clean your bowels of that sour bile and constipated waste which is clogging your system and making you feel miserable. I guarantee that a bottle of Dodson's Liver Tone will keep your entire family feeling fine for months. Give it to your children. It is harmless; doesn't gripe, and they like its pleasant taste.

empires, Roumania is also exporting much food to Bulgaria, and even to Turkey in Europe. Though there is a large supply of wheat, barley and other grains in Anatolia and Syria, Constantinople has not been able to reach these easily, owing to limited railroad transport facilities, Roumanian flour being more accessible right now than Anatolian unmilled grain, the city administration of Constantinople has just concluded a contract for a large quantity of flour which Roumania is to supply, the first deliveries being equal to about 2,000 carloads. Much of this has already been rushed south via the new eastern Bulgarian through route.

In addition to having no market for Roumanian grain and other foodstuffs, Russia has enough mineral oil of her own, so Roumania will be obliged to sell this necessity to the Central Power group of belligerents. Negotiations for a more advantageous sale basis are said to be in progress.

Roumania's attitude in these matters, too, has a diplomatic background. Her government intends to remain neutral so long as possible, and it is declared she will join the Central Powers in case pressure from entente quarters obliges her to take action. Well-informed circles here explain the situation in this manner. The recent mining of the Roumanian Danube stretches seems to support this view. The mining of these waters would embarrass no other than Russian shipping.

Meanwhile the Bucharest press has begun to speak in plain terms of Serbia's fate and the difficulty of Greece's position. There is still a large Austro-Hungarian force on the Roumanian frontier, and papers like the Bucharest Moldava never weary in pointing out that a hostile move by Roumania towards Austria-Hungary or Bulgaria, would make the country a "third Belgium."

HOT TEA BREAKS A COLD—TRY THIS

Get a small package of Hamburg Breast Tea, or as the German folks call it, "Hamburger Brust Thee," at any pharmacy. Take a tablespoonful of the tea, put a cup of boiling water upon it, pour through a sieve and drink a teacup full at any time. It is the most effective way to break a cold and cure grip, as it opens the pores, relieving congestion. Also loosens the bowels, thus breaking a cold at once.

It is inexpensive and entirely vegetable, therefore harmless.

Constipation and Indigestion. "I have used Chamberlain's Tablets and must say they are the best I have ever used for constipation and indigestion. My wife also used them for indigestion and they did her good," writes Eugene S. Knight, Wilmington, N. C. Obtainable everywhere.
